SUDEXAM COMPANY PROFILE

Sudanese Expertise Amalgamated Company Limited (Sudexam) is a private independent Sudanese consulting firm, founded in March 1997, and registered in Khartoum, Sudan under the 1925 Companies Act. Despite its recent establishment, it started with confidence and efficiency as a strong, well-equipped and full-fledged mature firm, depending partly on the long deep-rooted experience of its affiliated Sudanese Consulting Companies, and mainly on the profound professional know - how of many prominent Sudanese experts, who jointly with the aforesaid companies own the firm and form its list of associates.

Sudexam provides consultancy services in various fields and performs a spectrum of activities including the following:

- Identification, formulation and promotion of investment opportunities.
- Preparation of feasibility studies.
- Project appraisal.
- Assets valuation.
- Policy analysis.
- Reconstruction and rehabilitation studies of projects and companies.
- Privatization studies.
- Technical assistance.
- Institutional support and capacity building.
- Design, supervision of execution and operation of projects.
- Turn-key projects.
- Plans and programmes for economic and social development.
- Development and investment studies.

- Projects feasibility studies.
- Human resource development studies.
- Country reports.
- Management services.
- Banking studies.
- Studies of options for educational and health strategies.

Sudexam premises are located in Amarat, a first class business area in the centre of Khartoum, the political and economic capital of Sudan. Sudexam offices are adequately equipped with facilities and technical support required for high quality consulting services including computers with up to date software Microsoft Word, Excel, Access.. etc.. printers,scanners, internet, photocopiers, fax machine and other office equipment. Telecommunications and transport facilities are also adequate. The company has clerical staff, both secretarial and accounting, available for serving the project. As such, facilities including adequate filing, typing, accounting, are readily available. All company facilities including up to date IT resources as well as adequate office space will be available for the project.

The Founding partners of Sudexam have the experience and competence for conducting consultation services in a variety of fields including:

Development, business, management, agriculture, livestock, irrigation, industry, energy, petroleum, geology, mining, transport, communication, education, research, engineering, law, environment, banking, financial analysis, marketing, accountancy, human resource development, women and rural development, training, relief, resettlement and country programmes.

Sudexam co-operates with renowned associate consultants and firms in various specialties both inside and outside Sudan. The company has associations with international consulting firms including KPMG, SOGREAH, HVA, and HIFAB. During the last three years Sudexam has undertaken studies in association with these firms.

Sudexam is managed and administrated by a Board of Directors, which is elected for a three year-term, helped by a professional Director General. The current Board of Directors consists of highly experienced consultants with a wide spectrum of specializations.

The current Board of Directors:

<i>Professor Abdalla Ahmed Abdalla</i>	<i>Chairman</i>
<i>Dr. Abdel Rahman Osman Abdel Rahman</i>	<i>Member</i>
<i>Mr. Ahmed El Tahir</i>	<i>Member</i>
<i>Professor Anwar ElHadi Abdel Rahman</i>	<i>Member</i>
<i>Mr. Hassan Abdel Rahman Satti</i>	<i>Member</i>
<i>Mr. El Bagir Yousif Mudawi.</i>	<i>Member</i>
<i>Dr. Hassan El Tayeb El Hag.</i>	<i>Member</i>

The present Director General is Dr. Kamal Alem, (a former Economic Advisor at Kuwait Fund). Dr. Alem is the contact person for this assignment (Mobile: 249-9122-14129 ,E-mail dr.alem@gmail.com). The CVs. of the company Chairman, and Director General are attached as Appendix No.1.

As a private limited company, Sudexam company membership is limited to fifty by law. Its membership consists of eleven companies and thirty nine individual experts. The following is a list of its shareholders.

List of Shareholders

a) Companies

No	Name	Date of Establishment	Field & Specialization	Brief of Activities & Studies Performed
